# P4H Pioneers in Social Health Protection and Health Financing

## G8 Summit at Heiligendamm

2007

Launches Providing for Health (P4H) with twin goals:

- Equitable social health protection
- Sustainable and efficient health financing systems

## World Health Report: Health Systems Financing

2010

First time WHO synthesizes actions countries can adapt to modify their financing systems for UHC

## International Labour Organization: Social Protection Floors Recommendation, 2012 (No. 202)

2012

Provides guidance to countries:

- (i) in establishing and maintaining national SPFs as a fundamental element of their national social security systems and
- (ii) in implementing their floors within strategies for the extension of social security that progressively ensure higher levels of social security to as many people as possible, guided by ILO social security standards.

## United Nations: Sustainable Development Goals

2015

193 countries commit to working together towards the common UHC target (health financing outlined in Indicator 3.8.2)

# P4H Mission

Accelerate progress towards Universal Health Coverage (UHC) – SDG 3.8

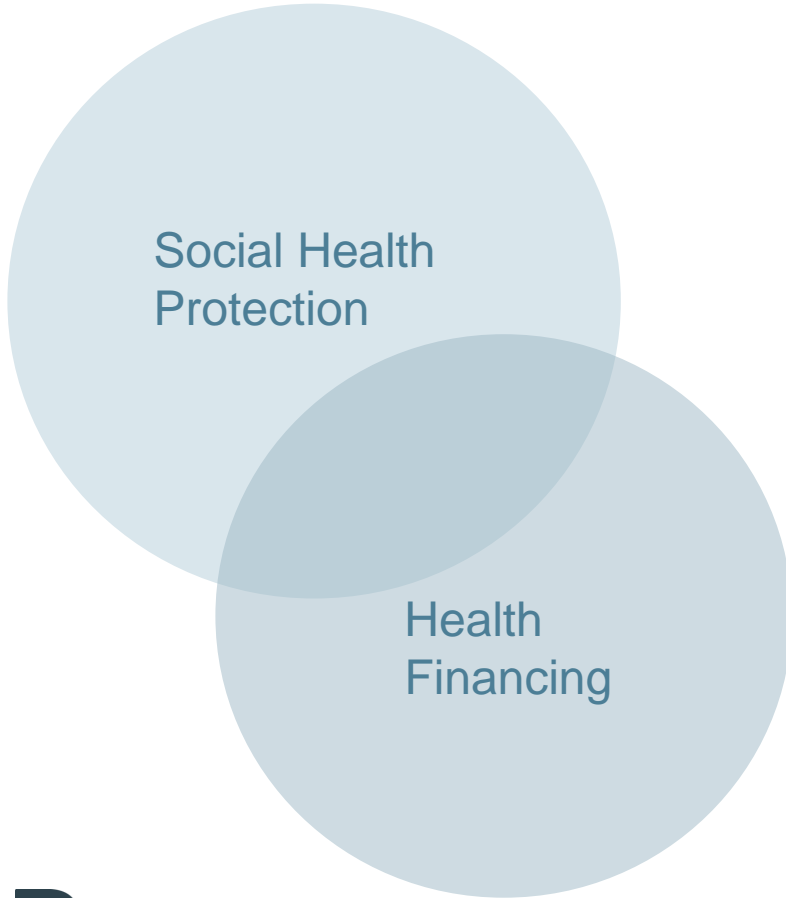

Act as an honest broker and build frameworks for country, regional and global action

Support the development of sustainable and equitable health financing and social health protection systems

# P4H Network Approach

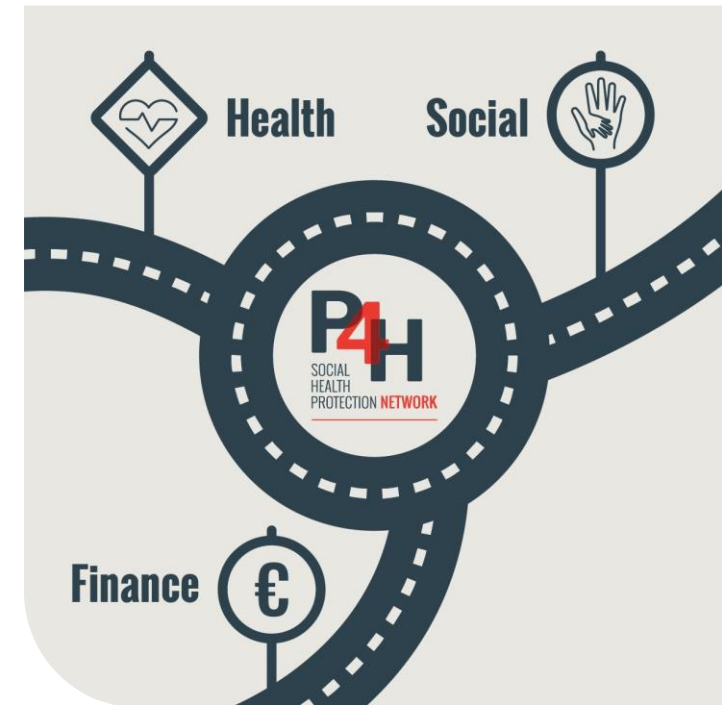

Bridging the gap between social health protection and health financing is essential

Connecting stakeholders and implementing joint activities creates synergies towards UHC

Reducing fragmentation and duplication improves efficiency

# What are we trying to achieve?

## EXPECTATIONS

- High level multisectoral commitment
- Collaborative and coherent frameworks
- Link with broader health systems and social health protection issues
- Innovations for social health protection and health financing

## TOOLS

- At global level: Technical Exchange Group (TEG) with experts from respective P4H member organizations
- At country level: Worldwide network of Country Focal Points
- Coordination of P4H collaborative activities through P4H Coordination Desk (based in WHO and ILO)

# P4H Implementing bodies

## P4H Coordination Desk

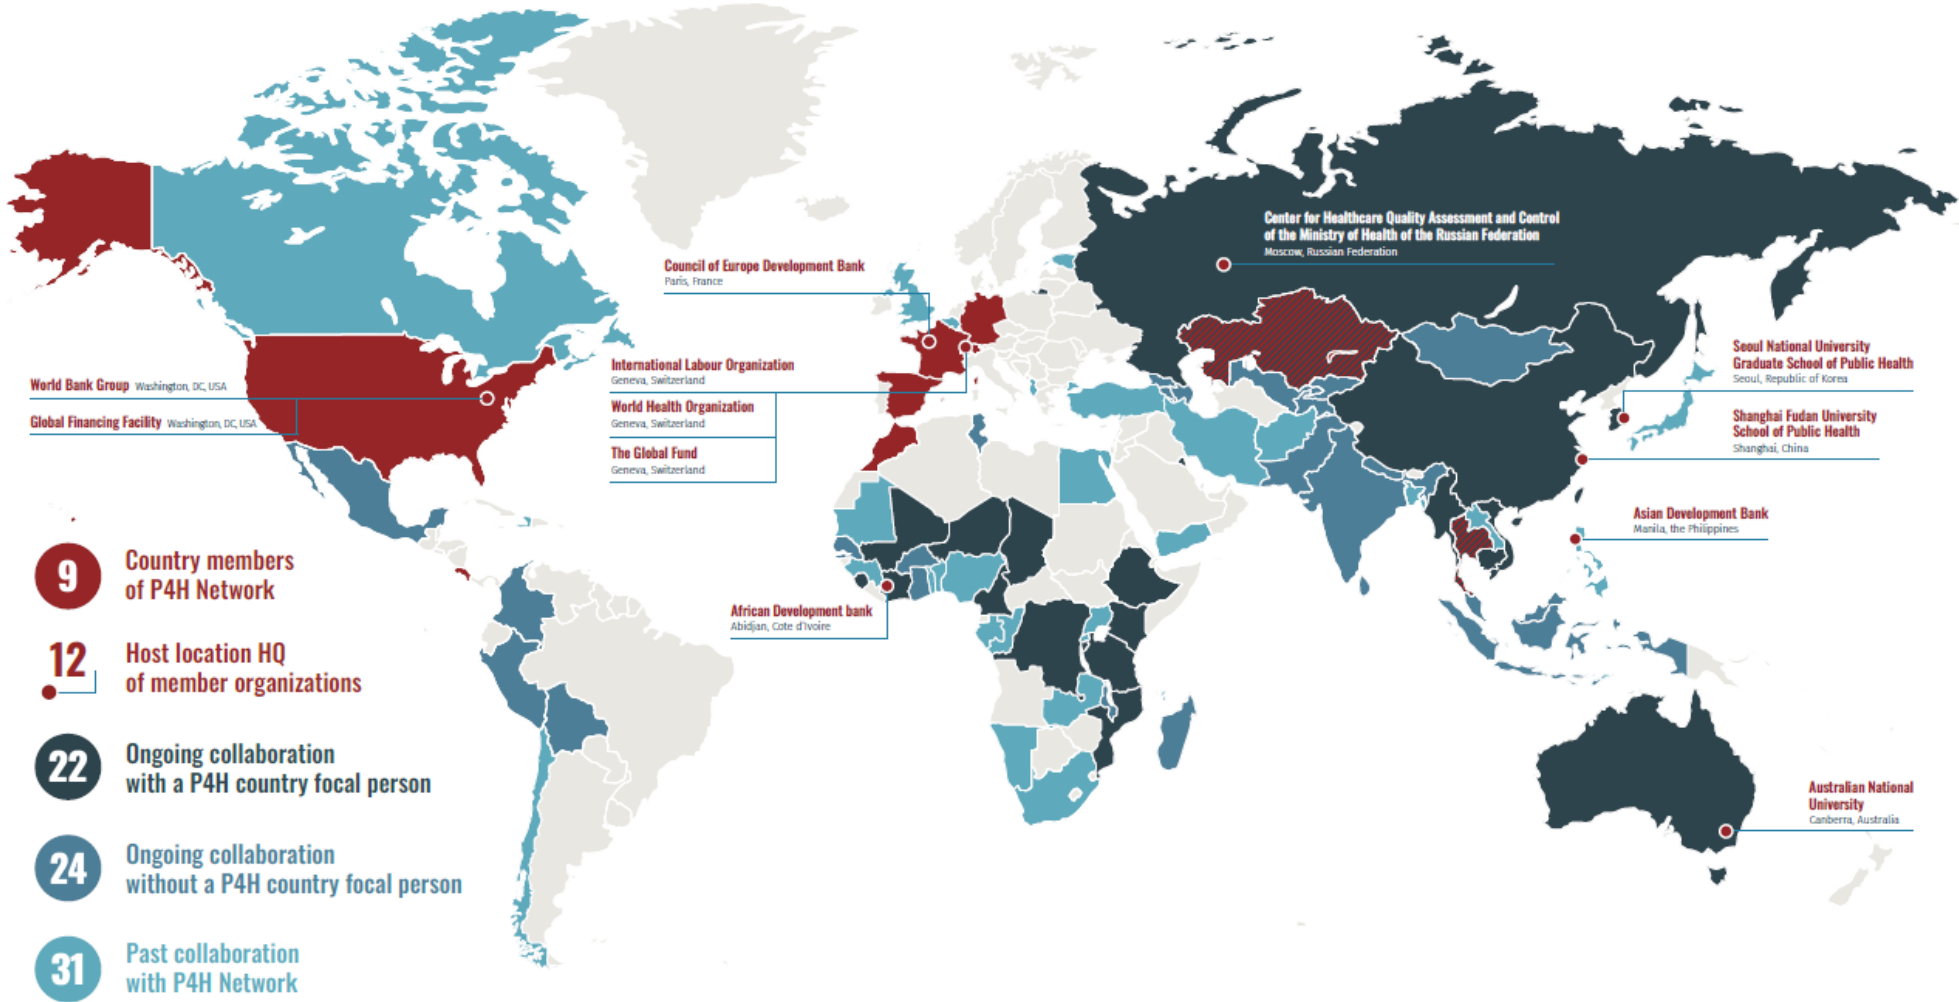

- Supporting function to the P4H Steering Group and Technical Exchange Group
- Annual workplan development and reporting function;
- Facilitation and engagement of experts e.g. regional community managers for technical exchanges.
- Administration of P4H digital platform and other social medias

# Leadership for UHC Programme

The screenshot shows the L4UHC website with the following content:

**KEY BENEFITS OF THE PROGRAMME**

- Develop essential skills**  
L4UHC develops the personal and collective leadership skills needed to broker consensus and gain political commitment for change.
- Learn from other countries**  
Teams from different countries work together, share experiences, and visit 'host' countries that have successfully developed UHC.
- Build teams for change**  
We help participants from different fields, such as health and finance, form coalitions for collective action in their home countries.

**Methods are one thing...**

Technical approaches and resources help shape social health protections and health financing systems for UHC.

**A leader's voice another...**

Voices advance methods.

Leaders convince people to push boundaries.

**L4UHC sets the tone**

Senior decision makers boost their leadership skills.

They build high levels of trust.  
Their ethos fosters networking.
